Subject: Testimonial for UPDA International Summit & Expo 2022.

Dear Mr. Rajneesh Agarwal, *Greetings from the Embassy of Brazil in New Delhi!*

The distillery and ethanol industries both in India and Brazil have enormous development potential, presenting real business opportunities in fields such as technology, research, development & innovation, bioenergy and recycling. In this regard, during the past years it is a pleasure to notice that the Uttar Pradesh Distillers' Association (UPDA) has played a pivotal role in the business by acting as a conduit between its member distilleries and state and federal government authorities, as well as foreign partners.

The Agricultural Attaché Office to the Embassy of Brazil in India, presents its compliments to the Uttar Pradesh Distillers' Association for inviting and hosting a successful networking event – UPDA International Summit & Expo 2022. The themes of the summit emphasised on all relevant practical business aspect and included expert brainstorming sessions. It was indeed a privilege for me to inaugurate the event among other illustrious dignitaries from the Indian distillery industry. The Brazilian companies Raizen and Datagro, counted amongst the major and most relevant stakeholders in ethanol/sugarcane/bioenergy sector in Brazil, had the opportunity of showcasing their views, their work, capabilities, and goals in the ethanol, sugar, and energy industries. They have the intention to work together and grow their business in India. Therefore, we look forward for the continuous collaboration between Brazilian institutions and UPDA and its members.

With the development of bio-energy parks, India and Brazil, two complimentary nations, may forge a strong alliance for the benefit of global prosperity in the agricultural and energy sectors. Aiming on this, the Agricultural Attaché Office to the Embassy of Brazil renews to the Uttar Pradesh Distillers' Association, the assurances of its highest consideration and esteem.

Yours respectfully,

Angelo de Queiroz Maurício
Agricultural Attaché

Dear Mr. Agarwal,

Thank you very much for your kind invitation for the U.S. Grains Council to participate in the UP Distillers' Association International Summit on August 5, 2022. It was a great meeting and well organized. We really appreciated the in-person element after such a long break. The Summit was a great opportunity to share the Council's views as well as discuss the U.S. grains scenario and policies that have worked for the benefit of the U.S. corn growers, ethanol producers and the consumers at large.

As great as the event was, the side-line conversations we had with participants were incredibly valuable, particularly those regarding the U.S. grain production systems, technologies, infrastructure and knowledge-sharing pathways.

We hope to continue discussions with UPDA members under your auspices to facilitate policy developments. We look forward to a long and fruitful relationship.

Sincerely,

Alejandra Danielson Castillo,
Regional Director for South Asia
U.S. Grains Council
